# HEARING SCREENING COURSE LEVEL 1

## INITIAL TRAINING & RENEWAL - Lawrence, KS

November 19 & 20, 2009

### PROGRAM DESCRIPTION:

This program is designed to certify people for Hearing Screening Level 1. Day one includes an overview of the Hearing Screening Law and pertinent information in order to allow the participant with the skills to complete hearing screenings and visual inspections and will be able to explain the results. Day two includes a clinical practicum. Participants completing the program will be able to perform Otoscopic inspection, pure tone air conduction sweep screening and threshold screening. Those who complete this program will meet the requirements of Level 1 Certification of the KSA 72-1204 through 1207.

### OBJECTIVES:

At the conclusion of the course, participants should be able to:

1. Explain the hearing screening law, the rationale for mandatory hearing screening and the need for early identification.
2. Describe the basic anatomy and physiology of the ear and common hearing disorders.
3. Demonstrate ability to work with children and to explain the hearing screening process.
4. Perform listening check of audiometer and determine if audiometer is working properly.
5. Determine if environment is satisfactory for performing hearing screening.
6. Perform air conduction sweep frequency screening, threshold screening and play audiometry procedures.
7. Prepare audiograms and determine if there is a need for referral.
8. Perform visual inspection.
9. Discuss and explain hearing screening results and the need for appropriate follow-up.
